

# Prayer Newsletter Spring 2015

**Campus Life** At the end of club last week a grandmother arrived to pick up her Grandson. Jennae, the grandma, said that her grandson really likes coming to club. Then she said she had grown up catholic but hadn't been to church since she was young. Her grandson liked club so much that now he was urging the family to start going to church. Jennae said she was excited to begin to go to church again and that her grandson was the reason! Thank God for using club.

**Camp** is less than five months away and we have a **goal of bringing 15 students** from our Meredith Club. There is a great deal of excitement from all those who have gone in previous years which always helps in new students to go. Pray for 15 students and the resources to help them go.

**Bible study and Scrapbooking** Campus Life Club meets every other week which has allowed us to develop several activities for the off week. Since the fall there has been a bible each for boys and girls which has a half dozen kids coming. Recently Amanda Olson (new YFC Administrative Staff and parent of two Meredith students) has been scrap booking with some of the girls. It has been a tremendous outlet for those young ladies who aren't ready for a Bible study but still like to be around the adult volunteers. Over spring break Amanda took a few gals to the new Cinderella movie. She has been a great blessing in connecting with and reaching out to all the students we have coming to club.

**Trip to Minnesota Timberwolves Game** Our church league season ended with a .500 record and a first round loss in the tournament, but we are heading north to the Twin Cities for one last hurrah. April 13 we will fit in some pick up basketball, the Mall of America, the testimony of one of my good college friends and an opportunity to see one of the NBA's great young players in Anthony Davis for the New Orleans Pelicans. Pray for the dozen young men going to be impacted by Christ, to have great conversations en route and God would give us safety for travels.

**Saturday Morning Girls Basketball** I recruited several young ladies from the Meredith 8<sup>th</sup> grade basketball team to join a local church league and we had a total of eight girls from the school team participate. We had some great opportunities to minister to them and one came along on a Church Spring Break Mission Trip with my daughter Lydia. This spring I will continue this venture with a Saturday morning basketball clinic through May. The hope is to develop and encourage many of the young ladies for the High School team and build relationships for the future of ministry. Pray for a great spring of basketball and outreach.

Yes he's getting some lipstick from a blindfolded friend at a club challenge

**Spring Break Trip** Fatima, a Muslim exchange student from Tanzania, recently joined us on a church spring break trip to St. Louis. She has become close with my daughter Bethany through our middle school club and wanted to see some of America with us. She had a great time and had many opportunities to hear the good news on the trip. Pray for her to come to know the Lord. She returns to Tanzania in June.

students and His word can run in the hearts of these young people.

**Pancakes at Hoover and East** continue to go great with well over 100 each morning. Pray for continued favor with
